4. DISCUSSION

The Northpine Improvement District (NCID) was established in 2017 and is now applying for their second term as the current term expires on 30 June 2022.

In terms of Section 15 of the Special Rating Area By-law - promulgated as per Provincial Notice No.7015/2012 as amended (SRA By-law), Council received an application to extend the term of the NCID from 1 July 2022 to 30 June 2027 (attached as annexure A).

The new Business Plan consists of a Motivation Report that defines the need and framework required to provide supplementary municipal services, an Implementation Plan proposing relevant action steps to implement the services and the 5-year Budget which reflects the funding required to provide these services (attached as annexure B).

The Business Plan proposes a continuation of the same services as implemented during previous years with an 8% increase in the additional rates required to fund the budget in the first year as well as an 8% increase year on year thereafter.

The NCID budget is funded by the property owners and collected by the City in a sustainable manner as additional rates. This is as per the Municipal Property Rates Act (MPRA) section 22 which facilitates some cross subsidisation as contributions are proportionately based on property values. The additional rates are modelled and capped to ensure affordability and sustainability in continued service delivery.

Chapter 1 of the SRA By-law requires that property owners are included in a consultation process before the renewal application is submitted to the City. Accordingly, the Annual General Meeting (AGM) held on 14 October 2021 was advertised in two daily newspapers on 17 September 2021 and a notice with the agenda was sent to all property owners (refer annexure C). The term extension formed part of the agenda of the AGM and all relevant documents were made available through the NCID website to all property owners.

The term extension as per the new NCID Business Plan (1 July 2022 to 30 June 2027) was supported and unanimously approved by the members of the NCID as per the AGM draft minutes (refer annexure D) as informed through the successes achieved in the previous term as evidenced in the Chairperson's Annual Report.

Annexure E includes the email to all relevant Service Departments requesting them to review the new Business Plan to ensure service delivery compliance in terms of the IDP as well as the following comments received from them:

Response from Enterprise and Investment Department:

Consideration for the inclusion of the rollout of Business Retention & Expansion Visitation Programme, and other facilitated retention support offered by the Investment Facilitation Unit (IFU), into the Business Plans across the CID's in partnership with the Enterprise & Investment Department, Investment Facilitation Unit. Further engagement will be facilitated through the IFU.

Response from Metropolitan Police Services – CCTV and Radio:

- No Report is for decision and has no risk implications.
- No Report is for noting only and has no risk implications.

POPIA Compliance

- Yes It is confirmed that this report has been checked and considered for POPIA compliance.

5. RECOMMENDATIONS

Not delegated: for decision by Council:

PART A: MOTIVATION REPORT

a) Introduction¹

The Northpine City Improvement District (NCID) was formally established in 2017 providing supplementary public safety, urban maintenance, social responsibility and urban cleaning services in close cooperation with the various City Departments as well as SAPS. In the first five years since the establishment of the NCID in 2017, a donation was received in order to start the camera project. With the donations received for the camera roll-out areas were identified by means of greater need with the intention to cover the entire Northpine area as time went by to assist our Public Safety Officers should incidents occur. The NCID since 2017 to 2021 have installed 58 cameras that are live and monitored by our control room. In 2019 the NCID had then decided to focus on the Urban Maintenance of the area and discussed many projects and the costs implicated with those projects. Completing various meetings with horticultures to uplifting the area by adding more greenery or possibly a five a side court for our youth. With taking budget and sponsors into account it was not possible for a five a side court as yet. The NCID then started beautifying the entrance of Northpine, whereby a tender had gone out to all local residents in Northpine who are horticulturists. After successful completion of the tender two of Northpine local residents assisted in the completion of beautifying Northpine Drive. This Business Plan is in support of the first renewal of the initial Business Plan as the NCID aims to extend its work into a second five-year term.

With its term renewal imminent, the NCID is positioning itself to address the ongoing issues impacting the area, noting that further developments in the area will increase the potential for urban infrastructure damage, traffic congestion, littering and increased opportunities for crime that may impact the entire area. In light of these challenges the NCID aims to continue to work closely with the City of Cape Town. The continued improvements and upgrades proposed in this business plan are funded by an additional rate levied on rateable property owners located within the NCID.

NCID Vision

The vision of the NCID is to maintain and advance an attractive and welcoming environment where the residents and businesses feel safe and secure, and the visitors feel welcome.

NCID Mission

The mission of the NCID is:

1. To manage the effective implementation of NCID plans in accordance with the relevant legislation, including but not limited to, section 22 of the Municipal Property Rates Act and the SRA By-Law.
2. To address the challenges in the community by revitalising the neighbourhood through focused urban management and community participation.
3. To improve service delivery by providing municipal supplementary services.

NCID Goals

- Beautifying Northpine by providing supplementary municipal services, introducing a recycling programme and promoting greening of public spaces.
- Promote economic growth in Northpine by attracting new investment to the area.
- Assist the South African Police Service, City of Cape Town Law Enforcement units and the relevant community structures, by providing visible patrols and co-operation.
- Increase participation in community projects through social community efforts such as food stalls and market Saturdays.
- Facilitate better service delivery such as communicating with the relevant structures of the municipality in relation to complaints and follow-ups lodged through communication channels such as C3 notification.

Main requirements identified

Salient issues arising from a survey done in the area prior to the establishment of the NCID took place in August 2016. The survey is available on the NCID website www.northpinecid.co.za. The survey provides details as to the amount of person/s who had provided comments to Safety and Security; Urban Environment; Traffic and Lighting too mention but a few. The survey is respondents who had seen the greater need for a CID to be established due to the area slowly deteriorating. The survey had 60% of positive respondents prior to the establishing of the NCID in 2016.

1. Residents' concern for safety in public areas
2. Increased presence of transient persons and associated threats to safety and Security.

b) Proposed Services and Projects

1. Provision of safety patrols and monitoring
2. Provide supplementary cleansing services, maintenance and/or upgrading of the urban public environment and/or infrastructure
3. Support projects of and partner with stakeholders who address social issues in the area.

(i) Improving Public Safety

Previously mentioned at our Annual General Meetings that the task at hand is complex and therefore requires everyone's involvement, we cannot do this alone. We have had many successful arrests due to the frequent patrolling system implemented in the area and have removed loiters and vehicles parked in secluded areas removed, this to ensure the safety of the residents, the presence of the Public Safety Officers act as a deterrent for any unlawful activity to take place.

The NCID has assisted with successful arrests in the area since its inception. It has been noted that during the festive season there is usually a spike in the amount of vehicle vandalism and home burglaries. We continue to make residents aware of this via newsletter and pamphlet and advise them to ensure that their properties are protected with an alarm system.

It has to be noted that Public Safety Officers are responsible for the public domain only and cannot by any means enter private properties should an incident occur.

In order to improve public safety the NCID will develop a comprehensive and integrated public safety plan for the area in conjunction with an appointed service provider. On-going strategies include and will further include in the new term for random patrolling from our Public Safety Service Provider and SAPS , these searches have seen many successes and will continue to be done to maintain the amount of grime in the area. These actions will include coordination and cooperation with:

- The South African Police Service
- Local Community Policing Forums
- Other existing security services in the area
- City of Cape Town Safety and Security Directorate

- Community organisations
- Other stakeholders

The NCID has since received the third round of students from the Chrysalis Academy (Department of Community and Safety). The amount of students received is dependent on the amount that applies from within or surrounding areas. The students are scheduled to start in July or August, dependent on the date of their graduation at Chrysalis Academy. Their internship is for one year, from Mondays to Fridays. Their daily tasks are to assist the Public Safety Officers as well as monitoring in the control room. Each intern assists with answering of the control room phone, as well as noting down incidents in the Occurrence Book. Interns are also tasked with assisting the Manager in appointing cleaning teams in areas within Northpine that requires cleaning and ensuring that each section and area is completed in the two weeks. Each year the Department of Community Safety sends a new batch of students to the NCID office as interns are only with CID's for one year. After the successful completion of the interns in the year stated in their contract provided by the Department of Community and Safety the interns then need to apply for full time jobs, where most interns prefer to continue and build up on skills learnt at the Department of Community and Safety and implement skills learnt at the work place of their interest.

The public safety plan includes and was made available in the tender process as well as the contract provided to the service provider:

- 4 x public safety patrol officers on foot patrolling the area, Monday – Sunday during the daytime (06:00am – 18:00pm) and in the evening (18:00pm – 06:00am). Whereby, 4 Public Safety Officers work 3 day shifts in the week (06:00am – 18:00pm) shift change then has 4 Public Safety Officers work 3 nights and the 4 Public safety Officers have 3 off days which rotate after each third day.
- 1 x public safety branded patrol vehicle patrolling the area on a 24/7 basis with one patrol vehicle person per shift as stipulated above, 1 Public Officer on vehicle patrol for 3 days, 1 Public Officer on vehicle patrol for 3 nights and 1 Public Officer off, in all three vehicle patrol officers per shift. The times of the patrol remain from 06:00am – 18:00pm up until the shift changes. Only one Public Safety that is patrolling with the vehicle is allowed in the vehicle unless shift changes occurs.
- Radio communications network. Linking control room, vehicle and Public Safety Officers.

- Centralised Security Service provider Control Room and CCTV monitoring supplied by our Security Service Provider.
- CCTV camera network to comprise of additional cameras and monitoring as set out in the implementation plan time scale.
- General patrols during the day and Bloodhound patrols from 19h00 until 04h30 on nightshift. The Bloodhound patrol system is a patrol system that monitors the Public Safety Officers whilst on patrol, this to ensure that the route of the area that needs to be monitored and the specific time frame to get to the set location set on the bloodhound system is met. The bloodhound system ensures that the Public Safety Officers perform the required task and the time of the patrol. Should a Public Safety Officer do not miss a point it is made visible on a bloodhound report, which either states that only 90% of the patrol was completed and 10% was not. When Public Safety Officers do miss a point the control room is informed as to why patrol was not met and written down in the Occurrence Book, many times missed patrols are due to Public Safety Officers require assistance with incidents.

History has shown that there is a need from the relevant role players to assist in the area for the greater need where necessary. The NCID will continue to encourage residents and non-residents entering the area to be safe on the roads and will continue doing random Vehicle Check Point's (VCP's) in the area. NCID would make contact with the relevant role players such as SAPS and Law Enforcement informing of the date to which the NCID would like a Vehicle Check Point. The NCID only makes contact with role players but never get involved in the role players duties in the time provided. The current functions of Private Security Companies vs SAPS can be shown below:

Perimeter security and security applications

Existing property owners and businesses should be encouraged to improve existing security applications on their property. This includes initiatives to encourage property owners and businesses to secure their perimeters as the NCID public safety service provider may only operate in the public space.

The public safety services as planned is in support of the City's Integrated Development Plan (IDP) strategic focus area (SFA) for a **Safe City**. The primary focus and therefore budget allocation for the NCID is aimed at improved public safety in the public spaces within the NCID boundary and therefore directly supports a Safe City. The public safety services as planned is in support of the IDP's SFA for an **Opportunity City**.

The budget for the provision of Public Safety is R 1 846 152 of the annual budget of Year 1 of the Business Plan.

(ii) Maintenance and Cleansing

To further establish the most effective cleaning plan the strategy will support existing waste management services, identify specific management problems and areas and assist in developing additional waste management and cleaning plans for the area to maintain the cleanliness to keep the area tidy. By implementing and supporting waste management services and problems in the area by continuing to receive the assistance from the City's Solid Waste Management team and NCID cleaning team to assist should City's Solid Waste Management team not be able to. The extension term for the NCID to continue for an additional 5 years is to maintain the area and its cleanliness and to reduce the amount of waste being dumped in the area. The NCID has since, seen a significant change in the reduction of the amount of graffiti and increased the amount of additional street sweeping. The NCID has removed most of the graffiti from walls and will continue to do so where necessary.

The plan will be executed by establishing a small team dependent on the tenders received from the community or from an NPO to:

- Decrease waste and grime in the area through a sustainable cleaning programme.

277

296

14

- Provide additional street sweeping, waste picking and additional refuse collection in all the public areas.
- Removal of illegal posters, graffiti and stickers from non-municipal infrastructure.

The cleaning contingent will deploy the team in various areas and rotate through the NCID. Team members that have been used are from an NPO called MES cleaning services where homeless people seeking gainful employment and training can be facilitated to improve their skills and potential utilization from an NPO or NCID residents who have their own cleansing services business by assisting with job creation in the Northpine area . The tender for cleansing is placed on Facebook and promoted for residents that have their own cleansing businesses to come forward and provide cleaning services in the area. The cleaning and urban maintenance team includes but not limited to and may change as time goes by:

- 4 x urban management workers per day. The shifts will preferably run Monday to Friday but based on costs
- 1 x urban management supervisor

Urban infrastructure will be improved by:

- Developing and implementing a plan to identify and monitor the status of public infrastructure such as roads, pavements, streetlights, road markings and traffic signs that require attention are logged with the C3 notification system. Notifications for pavements, street lights, road markings and traffic signs are noted and followed up once the message notification is received by SMS to inform of completion. Should the C3 notification inform as complete and still requires attention an additional C3 Notification is logged and informed of area that is still in need of repairs.
- Coordinating actions with the relevant City of Cape Town's departments to address infrastructure defects. This will be done through specific liaison with departments and officials in addition to the reporting and monitoring of repairs identified by the CID Manager.

- To enhance and maintain Northpine adding greenery and plants in open and public spaces, with assistance from the City's Recreation and Parks department in securing open plots for greenery and possible infrastructure.
- Assisting residents with vegetable gardens and securing open public spaces with Recreation and Parks that can be utilized to develop vegetable gardens to get the community involved and working together.

(iii) **Social responsibility**

The social issues of the area are varied and complex and no single plan or approach will adequately address these issues. The NCID will coordinate social intervention actions with various NGO's and social improvement organisations in the area to assist in the development of a comprehensive strategy for addressing social issues within the Northpine area in conjunction with the City of Cape Town, all relevant social welfare organisations and institutions.

The NCID management will assist to facilitate and monitor the strategy and implement social rehabilitation. Social intervention and development can only be achieved by offering unemployed and/or homeless people an alternative. Through the development of pro-active programmes to create work opportunities for homeless people certain NGOs have presented the opportunity to direct their work programmes to include cleaning and maintenance services to CIDs. These partnerships between CIDs and NGOs create a more cost effective approach to the provision of a supplementary service to the municipal cleaning services when large area cleanups or specific maintenance tasks are required. It is therefore suggested that in addition to the permanent maintenance team a social work programme is used to deploy previously homeless people from NGOs for specific clean-up projects in the NCID area. This plan depends on close cooperation with NGOs and the City of Cape Town's social intervention strategy through which a small number of individuals can be identified to be re-integrated into society through gainful employment.

The social upliftment programmes as planned is in support of the City's IDP SFA for a **Caring City**. The NCID supports the City's Social Upliftment Strategies to find lasting solutions for Social Development, which includes supporting individuals to move from the street into places of safety, support NGOs that provide social services and where possible create employment opportunities. The social upliftment programmes as planned is in support of City's IDP SFA for an **Opportunity City**. The NCID is working towards the continuous development and improvement of the urban environment through public safety, cleaning, urban management as social initiatives, all aimed at safeguarding and growing the existing businesses and economic opportunities thereby maintaining and creating employment opportunities.

Northpine has since in 2019 worked together with the City's Recreation and Parks hosting family days to assist in bringing families together to enjoy with their kids. On this day various family games are played, from table tennis to basket ball and chess.

The Inclusive City: True inclusivity can only be achieved in an environment where there is access to economic opportunities, where citizens feel safe and cared for, and where communities are truly integrated. Therefore, the Northpine CID incorporates aspects of three SFAs i.e. opportunity city, safe city and caring city.

(iv) **Marketing**

Marketing will continue to focus on communicating with the members on a daily basis on certain platforms as seen previously by keeping members informed of daily incidents, events taking place the turn-out was greater than usual, businesses and property owners of the NCID by:

- Maintaining an informative website.
- Distributing NCID flyers and/or newsletters reflecting the initiatives and successes of the NCID.
- Promoting the NCID amongst the local businesses and industries.

280

- Promote community pride through the initiatives of the NCID in making the area cleaner and safer.
- Promoting the NCID through high visibility branding on the patrol vehicles.
- Promoting the NCID through high visibility uniforms with NCID branding for the patrol officers and maintenance workers.

Our Facebook page informs residents of what has happened, the successes and many more including any events that should take place. We encourage all our residents to take a look at our website as well as our Facebook page for any information that is required.

The marketing programme included in the Business Plan is in support of the City's IDP SFA for an **Opportunity City**. The NCID is working towards the continuous development and improvement of the urban environment through public safety, cleaning, urban management and social initiatives, all aimed at **safeguarding and growing the existing businesses and economic opportunities thereby maintaining and creating employment opportunities.**

Property Owner Supported Projects

Property owners with the financial means to contribute beyond their additional Municipal Property Rates for the NCID will be encouraged to support various additional initiatives such as:

- Donation of infrastructure for the deployment of CCTV cameras of properties in strategic locations.
- Job creation and skills development opportunities.
- Funding of voluntary additional services including landscaping of public spaces through an "adopt a spot" initiative.
- Funding of additional security patrols in the public area.
- Donation of supplies and equipment for the operations of the NCID such as uniforms, branding, signage, cleaning equipment.

281

All additional funding to be approved at an AGM and included into the next year's Implementation Plan and Budget.

5-Year Budget of the NCID

The detailed 5-year budget for the implementation and operations of the NCID is set out in Part C. It reflects the identified needs of the NCID operations in as cost effective a manner as possible. Income in the form of additional rates will be derived from all rateable properties in the area and this attracts VAT. Should property owners receive partial or full relief in respect of rates they would enjoy full exemption from payment of any NCID additional property rates. It is however incumbent on the property owner to seek such relief from the City under the City's Rates Policy.

c) Financial Impact of the CID

The budget for each year of the Business Plan

Year 1: R 2 665 753
Year 2: R 2 879 013
Year 3: R 3 109 334
Year 4: R 3 358 080
Year 5: R 3 626 727

Budget allocation by Portfolio:

- Public Safety 69.3%
- Cleaning and Environment 7.3%
- Social and Economic Development 1.3%
- Administration and management (including employee related) 18.7%
- Projects and Capital Expenditure 0.4%
- Provision for Bad Debt 3%

In line with the City's Special Rating Areas Policy (SRA Policy), the NCID management annually prepares an overall budget for the year based on the specific needs of the area as set out in the Business Plan. The budget is funded by the property owners through an additional property rate levied on the municipal valuation of all properties within the NCID boundary.

To promote open and transparent governance the 3% included in the budget as a provision for bad debts, is to show that 3% from the additional rates levied on property owners are used by the City to fund a Provision for Bad Debt in the City's books, ring-fenced in the name of NCID to ensure it cannot be used to fund any other City services and only be used to cover the arrears and any shortfall on the billing, should it occur.

Additional property rates attract VAT @ 15%. The additional property rate is calculated by the City annually during the City's budget process. The additional rate is expressed as a Rand-in-the-rand and is calculated by dividing the NCID budget total with the total municipal valuation of properties in the NCID.

The SRA Policy allows for a differentiation in tariffs for the different types of properties and as such a residential and non-residential additional property rate is applicable in the NCID.

The NCID budget and additional property rates are approved by Council with the City's budget and is applicable over a financial year, which starts on 1 July.

Individual contributions for residential and non-residential properties can be calculated as follows:

1. Municipal valuation x R 0.XXXXXX = Annual contribution (VAT excl.)
Note: R 0.XXXXXX represents the approved NCID additional property rate.
 2. Annual contribution (VAT excl.) ÷ 12 = Average monthly contribution (VAT excl.)
 3. Average monthly contribution (VAT excl.) x 1.15 = Average monthly contribution (VAT incl.)
- e.g. Residential: R1,000,000 x R 0.001218 = R1,218.00 ÷ 12 = R101.50 x 1.15 = R116.73
e.g. Non-Residential: R1,000,000 x R 0.001820 = R1,820 ÷ 12 = R151.67 x 1.15 = R174.42

d) Proposed Management Structure

The NCID is managed by a board of directors, elected by the members of the Northpine City Improvement District NPC (NCID). A Board of Directors consists of property owners within the NCID and a political representative from the City of Cape Town attending Board Meetings as an observer. The Board manages a Non-Profit Company (NPC), which is responsible for the management of the CID, within the framework of the approved NCID business plan and oversees the implementation thereof.

Elected Board members take responsibility for the various portfolios in the company and regular board meetings allow the directors to review current operations and apply corrective measures as required.

The board will comprise of the following portfolios:

- Chairperson
- Finance
- Marketing
- Public Safety
- Urban Management
- Social Responsibility

The Board can appoint service providers and staff to manage the day-to-day operations within the NCID. The supplementary services provided by the NCID should represent the actual needs of the area according to the vision of the property owners for the area. The services provided are decided upon by the property owners as CIDs are property-owner driven. The NCID is managed by a NCID manager appointed by the Board and will oversee the day-to-day delivery of the additional services according to the Business Plan.

All of the above is subject to monitoring and oversight by various departments in the City of Cape Town. The CID Department also advises on administrative and governance compliance. An Annual General Meeting is held every year to review the performance of the CID and to

confirm the mandate of the members. The budget and implementation plan for the next year is also presented and discussed for approval at the AGM. The AGM also provides the opportunity to elect new directors to serve on the board of the NPC.

The proposed management of the NCID is in support of the City's IDP SFA for a **Well Run City**. The NCID's governance structures ensure an open and transparent approach in the way public money is used for the benefit of the community.

The Well Run City: To deliver on its vision, the NCID needs to be responsive to its customers' needs and able to sustainably support the various initiatives, programmes and projects by delivering the right services in the most efficient and effective way. The well-run city aspires to do this by focusing on financial and operational sustainability, human resource development and organisational restructuring.

e) Permissible Amendments to the Business Plan

There are currently no plans to investigate or explore significant changes to the strategy or operations of the NCID and therefore none are noted here.

Should any significant changes be required, such changes will be subject to approval of the Members of the NCID at an Annual General Meeting or Special Members' Meeting.

f) List of all Rateable Properties with the NCID

A list of all the rateable properties within the NCID is attached as Annexure A.

THE SA Health Products Regulatory Authority (SAHPRA) has warned that as long as community transmission of the Covid-19 virus continued there was a risk of more and possibly worse variants emerging.

SAHPRA said that the best way of preventing this was for a massive increase in vaccine coverage

Africa and working closely with the National Institute of Communicable Diseases, the Medical Research Council and academics on the effectiveness of vaccines.

MBC Mbombi said that while the decline in Covid-19 hospitalisations and deaths in the province continued, the Western Cape was not out of the woods yet, as it was technically still in the third wave, even though no longer at the peak.

DEFAMATION Top cops sue Veary for £1.5 million

NEWCASTLE POLICE

NEWCASTLE POLICE'S top officers have taken legal action against a former senior officer, claiming he defamed them in a newspaper article. The article, published in the Newcastle Evening Chronicle, alleged that the officers were involved in a cover-up of a police officer's death.

The officers, including Chief Constable Peter Jones, are suing the former senior officer, who is now a senior officer in the Newcastle Police, for £1.5 million in damages. The article, published in the Newcastle Evening Chronicle, alleged that the officers were involved in a cover-up of a police officer's death.

16. Q & A

1. **Registration**

As per attendance register attached and proxies received.

2. **Welcome**

Mrs. Natalie Khambi opens up at 19h15 and thanks all members and non-members for attending the AGM. Mrs. Natalie Khambi thanks all for attending the 4th Annual General Meeting and hands floor over to Mr. Lindsay Schereka for the formal welcoming. Mr. Lindsay Schereka thanks all for attending but is not happy with the turn-out of non-members and members, those that have any questions are welcome to raise them after the Annual General Meeting.

3. **Membership**

Two directors will be stepping down and that is Mrs. Emilea Stevens and Mrs. Elbiena Diedericks.

4. **Quorum to constitute meeting**

The members that were not exempt and the proxies received were counted and totalled to 29.

5. **Approval of previous member's minutes**

Mrs. Natalie Khambi informed all members that the previous minutes of a meeting were uploaded onto the website and hoped all members and non-members had the chance to view the previous minutes.

Acceptance of Acceptance of previous members' minutes

Mrs. Elbiena Diedericks - Accepted

Mr. Kyle Visagie - Seconded

5.2 **Matters arising from previous members minutes**

Mr. Fry queried the amount of potholes located at Northpine Shopping centre, Mr. Fry informed that this has been reported many times and still have not been resolved. Mrs. Natalie Khambi informed that this is a City of Cape Town to which Aldermann Twigg will discuss after the Annual General Meeting.

6. **Chairman's Report**

Mr. Lindsay Schereka read through the Chairperson report and informed the progress of work completed by the NCID for the past financial year.

Mr. Lindsay Schereka continued to advise in the Chairperson report that even though we remained in lockdown, the board was able to maintain the financial discipline during the financial year 2020 -2021 in executing of the budget.

Our arrears rates list and outstanding amount remains high which will pose a financial loss to us in the future if residents don't honor this commitment. Currently we have 2550 properties registered to pay the Special rate of which 804 are in arrears totalling to an amount of R 643 011.24 as at the end of June 2021.

We are mindful of the very difficult financial situation we all find ourselves and therefore would like to take the opportunity to thank those residents who are in good standing with their special rates. Those who are not, we encourage you to pay your special rates or should you be in financial difficulty, to approach the CoCT to pay the arrears in instalments that is suitably structured.

Our endeavor will remain to apply our financial discipline and to ensure that we execute on the propose budget for the year 2021 – 2022.

As per the stats received from SAPS making a comparison between since the establishment of the NCID and Current there has been a significant decrease in crime with the continuance to have residents ensure that their properties and vehicles are fitted with an alarm system.

The implementation plan for 2020/2021 the NCID could not achieve all we would have liked to achieve in our implementation plan due to COVID being one of the challenges. The NCID will however, continue to push towards achieving all that we can and more for the years to come.

7. Noting of Audited Financial Statements 2020/2021

Mrs. Natalie Khambi summarised the audited financial statements for 2020/2021 and highlighted that the NCID is in a good financial position. There was however, an on-going concern with regards to the tax liability as the NCID was under the impression the NCID was exempt due to the NCID receiving an exemption letter. Within the audit report for 2021 under Liability reflects an amount of R 241 000.00 that the NCID had pay to SARS for the penalty the funds were taken from our investment account and not the usual bank account.

Mr. Kyle Visagie queried what needed to be done to avoid the penalty?

Mrs. Natalie Khambi informed that there were certain requirements within the exemption letter that required the NCID to amend the constitution and return back to the exemption unit which was not done within the time frame provided; this had then led to the liability that had to paid from the NCID to SARS.

Furthermore, the NCID has made the payment to SARS and will request for a refund as the NCID is exempt from paying Tax.

8. Approval of extension of the 5 year term business plan

Mrs. Natalie Khambi informed that the NCID is heading towards its 5 year term extension and informed that the presentation presented a summarised version of the complete business plan is available on the website for further perusal.

Introduction

- This Business Plan is in support of the first renewal of the initial Business Plan as the NCID aims to extend its work into a second five-year term.
- The NCID is positioning itself to address the ongoing issues impacting the area, noting that further developments in the area will increase the potential for urban infrastructure damage, traffic congestion, littering and increased opportunities for crime that may impact the entire area.
- The NCID aims to continue to work closely with the City of Cape Town. The continued improvements and upgrades proposed in this business plan are

funded by an additional rate levied on rateable property owners located within the NCID.

- **Improving Public Safety**

The NCID will develop a comprehensive and integrated public safety plan for the area in conjunction with an appointed service provider.

- ✓ On-going strategies include random patrolling from our Public Safety Service Provider and SAPS , these searches have seen many successes and will continue to be done to maintain the amount of grime in the area.
- ✓ These actions will include coordination and cooperation with:
 - The South African Police Service
 - Local Community Policing Forums
 - Other existing security services in the area
 - City of Cape Town Safety and Security Directorate
 - Community organisations
 - Other stakeholders
- ✓ The public safety services supports the City's Integrated Development Plan (IDP) strategic focus area (SFA) for a **Safe City**. The public safety services also supports the IDP's SFA for an **Opportunity City**.
- ✓ The primary focus and therefore budget allocation for the NCID is aimed at improved public safety in the public spaces within the NCID boundary. The budget for the provision of Public Safety is of the annual budget of Year 1 of the Business Plan. **R 1 846 152.00**

- **Maintenance and Cleansing**

- The NCID will continue for an additional 5 years to maintain the area and its cleanliness and to reduce the amount of waste being dumped in the area.
- The NCID has since seen a significant reduction of graffiti and increased the frequency of additional street sweeping.
- The NCID will advertise a tender and organisations will be able to bid for the opportunity to
- Decrease waste and grime in the area through a sustainable cleaning programme.

- Provide additional street sweeping, waste picking and additional refuse collection in all the public areas.
- Removal of illegal posters, graffiti and stickers from non-municipal infrastructure.

Social responsibility

- The social upliftment programmes supports the City`s IDP SFA for a Caring City.
- The NCID supports the City's Social Upliftment Strategies which includes supporting individuals to move from the street into places of safety, support NGOs that provide social services and where possible create employment opportunities.
- The NCID is working towards the continuous development and improvement of the urban environment through public safety, cleaning, urban management as social initiatives, all aimed at safeguarding and growing the existing businesses and economic opportunities thereby maintaining and creating employment opportunities.
- **Marketing**
- Maintaining an informative website.
- Distributing NCID flyers and/or newsletters reflecting the initiatives and successes of the NCID.
- Promoting the NCID amongst the local businesses and industries.
- Promote community pride through the initiatives of the NCID in making the area cleaner and safer.
- Promoting the NCID through high visibility branding on the patrol vehicles.
- Promoting the NCID through high visibility uniforms with NCID branding for the patrol officers and maintenance workers.
- Our Facebook page informs residents of what has happened, the successes and many more including any events that should take place. We encourage all our residents to a look at our website as well as our Facebook page for any information that is required.

Marketing

- **Property Owner Supported Projects, Property owners with the financial means to contribute beyond their additional Municipal Property Rates for the NCID will be encouraged to support various additional initiatives such as:**
- Donation of infrastructure for the deployment of CCTV cameras of properties in strategic locations.

- Job creation and skills development opportunities.
- Funding of voluntary additional services including landscaping of public spaces through an “adopt a spot” initiative.
- Funding of additional security patrols in the public area.
- Donation of supplies and equipment for the operations of the NCID such as uniforms, branding, signage, cleaning equipment.

5-Year Budget of the NCID

- The detailed 5-year budget for the implementation and operations of the NCID is set out in Part C. It reflects the identified needs of the NCID operations in as cost effective a manner as possible.
- Income in the form of additional rates from all rateable properties in the area and this attracts VAT. Should property owners receive partial or full relief in respect of rates they would enjoy full exemption from payment of any NCID additional property rates.
- It is however incumbent on the property owner to seek such relief from the City under the City’s Rates Policy.

Financial Impact of the CID

- The budget for each year of the Business Plan
 - ✓ Year 1: R 2 665 753
 - ✓ Year 2: R 2 879 013
 - ✓ Year 3: R 3 109 334
 - ✓ Year 4: R 3 358 080
 - ✓ Year 5: R 3 626 727

Budget allocation by Portfolio:

- Public Safety 75,9%
- Cleaning and Environment 26,7%
- Environmental Development 0%
- Social and Economic Development 6,0%
- Administration and management (including employee related) 10,1%
- Projects and Capital Expenditure 0,4%
- In line with the City’s Special Rating Areas Policy (SRA Policy), the NCID management annually prepares an overall budget for the year based on the specific needs of the area as set out in the Business Plan. The budget is funded by the property owners through an additional property rate levied on the municipal valuation of all properties within the NCID boundary. To

promote open and transparent governance the 3% included in the budget as a provision for bad debts, is to show that 3% from the additional rates levied on property owners are used by the City to fund a Provision for Bad Debt in the City`s books, ring-fenced in the name of NCID to ensure it cannot be used to fund any other City services and only be used to cover the arrears and any shortfall on the billing, should it occur. Additional property rates attract VAT @ 15%. The additional property rate is calculated by the City annually during the City`s budget process. The additional rate is expressed as a Rand-in-the-rand and is calculated by dividing the NCID budget total with the total municipal valuation of properties in the NCID.

Mr. William Swartbooi thanked all. Mr. William Swartbooi informed that two board members have stepped down and has not made themselves available for re-election Mrs. Emilea Stevens and Mrs. Elbiena Diedericks. Mr. William Swartbooi informed that the NCID has three nominations for directorship; Mrs. Desiree Cupido, Mrs. Natalie Khambi and Mr. Romano Swanepoel. Mr. William Swartbooi advised that Mr. Mark Smith and Mr. Lindsay Schereka will serve for another term.

Adoption of acceptance of three new directors

16 members were in favour of nominating the three directors; Mrs. Desiree Cupido, Mrs. Natalie Khambi and Mr. Romano Swanepoel.

General Q & A

Mrs. Natalie Khambi informed residents that should they have any questions they are more than welcome to ask.

1. Mr. Gregory Fry queried the beautification that took place in Northpine Drive but the rest of the area was not beautified why the rest of the area was not considered to be beautified.

Mrs. Natalie Khambi advised that Mr. Fry concerns are valid and as a top-up service the NCID provides we will take a look at beautifying some of the area

2. Mr. Fry informed that correspondence regarding the potholes at Northpine Shopping Centre is still not repaired; previous communications to Alderman Twigg were never answered.

Aldermann Twigg informed that the road repairs were done systematically. Mrs. Katz will attend to the potholes at the Shopping Centre.

3. Mr. Alexander Robert informed that unfortunately we do not have a residents association in Northpine where concerns could be generated to the NCID. With regards to the development in the Compound what are the plans, where would the exits and entrances be located?

Mrs. Natalie Khambi informed that with regards to the residents association they have their own framework and policies and cannot play within the NCID area.

Alderman Twigg further informed that regarding the developments in compound area, Sub-Council is still awaiting contact details for the relevant owners to advise if the plans that were approved at Northpine hall years ago is what was agreed upon. All that is noted is that the development is in the process of clean-up but no developments took place.

4. Mr. JP Frolick advised that he has a friend that is on the board of directors and fears for his friend life as threats were made what is the NCID doing to assist the director in making it secure?

Mrs. Natalie Khambi informed that SAPS and Law Enforcement is there to assist when there are such threats made. Mr. Eddie Scott informed that the Security function is not to combat such crime but for public safety the functions of which role player can do what and when is available on the NCID website. Mr. Mark Smith informed that another way to combat crime is to form unity amongst our residents if we all stand together there will be no chance for such crime.

5. Residents in Kristalhof informed that the paving was lifted due to a pipe burst the bricks were lifted a year ago and never placed back, when queried it was informed that there were not enough bricks to complete the road, all gravel and sand is still laying in Kristalhof.

Aldermann Twigg informed that he will speak to the relevant department as to what the issue may be for the delay.

Subject: Northpine City Improvement District - Term Extension
Attachments: NCID Business Plan 2022-27.pdf

Good Day Colleagues

Trust this mail finds you well.

The Board of the Northpine City Improvement District (NCID) is in the process of extending the NCID term for the period 2022-2027.

They obtained overwhelming support from their members at the recent AGM and have now applied for Council to consider extending their term for a further five years. If approved the new five-year term will start on 1 July 2022 and terminate on 30 June 2027.

You are requested to review the attached business plan and provide the CID Department with any comments that could influence the final business plan before it is submitted to Council for consideration.

Please familiarise yourself with the contents of the new Business Plan (Motivation report, Implementation Plan and Budget) and more specifically with the component that relates to your functional area as it should be consistent with the objectives of the IDP and be aligned with your Directorate/Departmental SDBIPs.

All comments on the Business Plan need to be submitted to the CID Department by 10 February 2022 failing which, we will assume that the Business Plan is aligned with your SDBIP and the IDP as far as your departmental functions are concerned. Your comments will also be included in the report to Council when the application will be considered.

PLEASE NOTE: We try with utmost accuracy to ensure that this email reaches the responsible person in the service department/directorate. However, if this no longer falls within your ambit of responsibility, please advise so that we can approach the correct official(s).
